## PEACE PLENIPOTENTIARIES MEET IN PRESENCE OF PRESIDENT TODAY

### Booming of 59 Great Guns Gives Notice That the Envoys Had Been Brought Together

### AND A "STAND-UP" BUFFET LUNCH IS SERVED

#### Ties Avoided Questions of Precedence Which Might Have Arisen Had the President Joined His Guests at Table. Russians and Japanese Will Reach Portsmouth, N. H., Monday Morning.

Oyster Bay, Aug. 5.—The booming of 59 great guns in the shadow of Sagamore hill today gave notice that the peace plenipotentiaries of Russia and Japan had been brought together by President Roosevelt. Twenty-one of these gun notes were for the President of the United States, and 19 each were given the envoys and their empuiled, order-embazoned suits as they climbed over the white sides of the Mayflower, where they met in token of their resolve to end the struggle of blood in Asia.

The meeting of the peace envoys under the throats of Uncle Sam's cannon and surrounded by elegant object lessons of our naval strength was above all else a triumph of the President. The day was ideal for making peace. Even the steel-coated warships floating at rest on the bosom of the sound, just off the entrance to the landlocked harbor, looked more like sleeping swans than engines of war. The Dolphin, Mayflower and Galveston were all at anchor near the Corinthian Seawanhaka yacht club last night. The first named ships are to take the plenipotentiaries to Portsmouth as soon as the ceremonies of

RUSSIAN AND JAPANESE PEACE ENVOYS.

the day are concluded, and the Galveston is to act as their conveyance on the trip.

The Japanese plenipotentiaries were the first to arrive this forenoon, reaching Oyster Bay half an hour or so ahead of the Sylph, which brought assistant Secretary of State Peirce, who introduced the envoys to the President in the Mayflower's cabin. President Roosevelt left Sagamore Hill at about 12:30. The Mayflower's launch was waiting for him at the end of the J. West Roosevelt pier and as he stepped aboard the little craft one of the jackies unrolled the big blue Presidential flag and fastened it to the staff. As the President stepped over the side of his yacht the blue flag disappeared from the stern of the launch and as if by magic, whipped out to the breeze at the peak of the ship. Simultaneously with the appearance of the flag at the Mayflower's peak the cannon on the yacht began the twenty-one gun salute. As soon as these signs were seen and heard, the Japanese envoys, Baron Komura and Minister Takahira, and their suit climbed down the ladder of the Tacoma and entering launches, were conveyed to the Mayflower. The 21 guns fired in honor of the President had therefore scarcely died away before the salute of 19 guns for the Japanese plenipotentiaries was begun. President Roosevelt was waiting for the envoys in the pretty cabin of the ship and Assistant Secretary Peirce, who had arrived in advance made the

formal introduction. The President said he did not much need an introduction to Baron Komura or Mr. Takahira for he had met them before. He shook hands, however, with them both and then greeted the other members of the party. After the introductions there was a pleasant chat in the cabin and then the Japanese gentlemen retired to another cabin to make room for the Russian party.

Count Witte, Ambassador Rosen and their suite had in the meantime arrived on board the Chattanooga. In their turn they left their ship, rode to the Mayflower and were given a salute of 19 guns by the President's yacht; in their turn they entered the cabin, were introduced to the President, whom they already knew, and had a pleasant talk about the weather, the beauties of the surroundings and other subjects equally unlikely to cause future international complications.

Then the two parties were brought together and there were speeches, more handshaking and more innocuous conversation. All hands then partook of a "stand up" buffet lunch, which it should be said, was the President's clever way of avoiding any questions of precedence which might have arisen had the President joined his guests at table.

After the luncheon the Japanese gentlemen said farewell with many protestations of good will and were ferried to the Dolphin. The President and Secretary Peirce soon after left the Mayflower in possession of the Russians and the ceremony was ended. The Dolphin, conveying the Japanese, and the Mayflower, with the Russians on board, conveyed by the Galveston, will reach Portsmouth on Monday morning.

#### WILL PEACE RESULT.

New York, Aug. 5.—The Japanese and Russian peace plenipotentiaries left here this morning on two United States cruisers for Oyster Bay with somewhat gloomy forebodings that nothing would be accomplished by the negotiations which are to open Monday. Constantine Nabokoff, of the Russian foreign office, when asked whether Russia would agree to cession of territory to Japan or the payment of an indemnity, two of the points on which it is believed Japan will insist, replied, "I do not think so." Sato, who has acted as the mouth piece of Komura, was asked how the prospects of peace looked. He replied, "Not very bright, but we are hopeful that the conference may conclude successfully."

#### EVA DAKIN'S TRIAL

Concert Hall Singer Who Killed Chas. Bennett Will Answer Murder Charge Monday.

Chicago, Aug. 5.—Eva Dakin, a concert hall singer, who shot and killed Charles Bennett Aug. 14, will be placed on trial for murder Monday. The woman, said Bennett attempted to hold her up while she was returning from a theater to her apartments, and that she shot him in self-defense. A coroner's jury exonerated the woman. Later, however, relatives of the murdered man submitted evidence to State's Attorney Healy, and as a result the June grand jury indicted the woman for murder. She was arrested while playing an engagement at a Milwaukee theater, was brought to Chicago and later released on bail.

At South Boston, Halifax county, Va., Joseph Carter, a policeman, shot and fatally wounded Henry Eastley, Jr., son of Colonel Henry Eastley of the governor's staff. The shooting followed an altercation.

## INSANE MAN IS FILLED WITH WIRE

### FRANK WALLACE KILLED HIMSELF BY SWALLOWING 38 FEET OF WIRE.

Attendants Wouldn't Believe Him But Post Mortem Showed That Wallace Had Told the Truth.

\*\*\*\*\*  
Norristown, Pa., Aug. 4.—An insane man of the state hospital for the insane, named Frank Wallace, ended his life by swallowing 38 feet of wire, which was found in two sections in his stomach. Wallace, who was 24 years old, was transferred here from the Philadelphia county prison. He suffered from delusions, and when he told his caretakers this week that he was full of wire no attention was paid to him. He insisted that an operation would confirm his statements, but he was too weak to undergo one and was informed by way of attempt to cure his supposed delusion that an operation would kill him. "All right, cut me open when I'm gone and see," said Wallace just before he died.

## STORM AT CHICAGO

Chicago, Aug. 5.—A severe rain and electrical storm swept over this city this morning. Basements in the downtown districts were flooded and fire engines were kept busy pumping them out. Much damage was done in the resident sections by wind and a number of minor fires resulted in places where houses were struck by lightning.

#### AT MANILA

Secretary Taft and Party Receive a Generous Reception.

Manila, Aug. 5.—Secretary of War Taft and party arrived here on the steamship Manchuria. Their arrival was made the occasion of a gorgeous water pageant. Governor General Wright, Major General Corbin and Rear Admiral Train, with their staffs and the official reception committee, met the party when the Manchuria anchored. The battleship Ohio, forts and craft in the harbor fired the regulation salute for the secretary of war. After the party left the steamship they proceeded to the governor general's residence, where the official welcome was made and where the golden keys of the city were presented to Secretary Taft. Thousands lined the streets, which were elaborately decorated.

## MRS. J. G. CARLISLE

Wife of Former Secretary of the Treasury, Passes Away After Illness Lasting Three Weeks.

Babylon, L. I., Aug. 5.—Mrs. Mary J. Carlisle, wife of former Secretary of the Treasury John G. Carlisle, died at her country home in West Islip after an illness of three weeks. She came here two months ago to spend the summer. She was not in the best of health then, and about three weeks ago peritonitis developed. With her when she died were her husband, her daughter-in-law, Mrs. William Carlisle, and her friend, Miss Hammond. The funeral will be held on Sunday and the body will be placed in a vault in the Babylon cemetery until fall, when it will be removed to Covington, Ky., for burial. Mrs. Carlisle, who was 70 years of age, was a daughter of Major John A. Goodson of Covington.

## FRESH OUTRAGES OF BULGARIAN BANDS

Unspeakable Outrages are Committed by Turks and Many Villagers are Killed.

Constantinople, Aug. 5.—Today's dispatches from Dobruja, Macedonia, tell of fresh outrages of Bulgarian bands and of brutal acts committed by Turkish troops in their attempts to punish the marauders and their families. Twenty-nine Mohammedan peasants were massacred by Bulgarians. Turkish soldiers who were sent against the

band ravaged two villages, the inhabitants of which were suspected of showing hospitality to the Bulgarians. Unspeakable outrages were committed by the Turks and many villagers were killed.

#### CHICAGO MAN'S SUICIDE.

Chicago, July 5.—Chas. R. Heinholt, 24, married, proprietor of a manufacturing plant on the South Side, was found dead in bed this morning having asphyxiated himself supposedly as a result of domestic troubles.

#### CZAR MAY ISSUE CALL ON BABY'S BIRTHDAY.

London, Aug. 5.—The Saturday Review states that it is informed from authentic sources that the Czar intends to make the birthday of the Czarvitch, heir apparent to the Russian throne on August 12, the occasion for announcing from the Kremlin the convocation of a national assembly.

## IN CONTROL OF SAKHALIN

### Japanese Army Captures Remaining Force of Russian Troops.

#### THREE THOUSAND CAPTIVES

Civil Government to Be Instituted at Once by the Tokyo Government. Envoy Witte Has Praise For the President—Heavy Rains Falling in Manchuria.

Tokyo, Aug. 5.—Sakhalin is now practically all in the hands of the Japanese, the only considerable force of Russians remaining on the island having surrendered. The Japanese officials who are to set up a civil government will sail for Sakhalin early next week.

The war office gave out the following:

"The Sakhalin army reports that an independent cavalry force attacked and routed the enemy south of Palem on the afternoon of July 28, capturing two field guns, besides ammunition, weapons, rifles and ammunition. On July 29 that force, co-operating with reinforcements, gave hot pursuit to the enemy to the south of Tauran. At 5 a. m. July 30 the enemy's parliamentary came to Tauran with a message of General Liapinov, the military governor, addressed to the commander of the army, stating that lack of dressing materials and medicines and impossibility of treating the wounded compelled General Liapinov, out of sentiments of humanity, to ask cessation of hostilities. The commander of the army replied that all military stores, all movables and immovables belonging to government, and all documents concerning administrative and military matters be delivered, and that a reply to the above be sent to Hamdasa by 10 a. m. July 31. On July 31 the Russian delegate, Colonel Tribiti, came to Hamdasa, and after a conference with our delegate, General Koidzum, accepted our conditions in toto. Liapinov, with about 70 officers and 3,200 men, surrendered and were taken prisoners."

From an authoritative source it is ascertained that the Japanese government has determined upon certain fundamental principles for the treatment of the Russian residents of Sakhalin island. The island has been used for some time by the Russian government as a penal colony, to which have been sent prisoners of all classes. It is said here that there are now between 20,000 and 30,000 Russians. According to the determination reached by the Japanese government all prisoners, except those confined on the island for political offenses, are to be deported to Russian territory in such a manner as the circumstances may necessitate. The political prisoners who desire to emigrate to foreign territory will be allowed to do so by special permission.

#### Rains in Manchuria.

Harbin, Manchuria, Aug. 5.—Almost tropical rains are falling in Manchuria and the hilly regions are impassable for trains of artillery. Every mountain path is a torrent and every valley a quagmire. Important operations apparently will be impossible for a long time to come. The alternation of rains and fresh sunshine has a depressing effect on the health of the army.

#### BY A TRAIN

Three Girls Are Struck, Two Receiving Fatal Injuries.

Danville, Ind. Aug. 5.—Westbound Big Four passenger train No. 19 ran down a horse and buggy driven by the three daughters of Robert Westerfield, fatally injuring two of them, one of whom died later, and severely injuring a third, instantly killing the horse and crushing the buggy to atoms. The train does not stop here, and was running at the rate of 50 miles an hour. The girls were thrown a distance of 200 to 300 feet and were badly crushed. Mrs. Westerfield, 15, is dead. Callie sustained concussion of the brain and her recovery is doubtful. Miss Rose Westerfield, 21, was badly injured about the body, but will recover.

## SOUTHERNERS

### Request Uncle Sam to Take Charge of Fever

#### TOTAL CASES 475 DEATHS 89

### PRESIDENT DIRECTS THE SURGEON GENERAL TO ACT

### Everything Possible Will Be Done by Government to Meet Conditions in the Crescent City and Other Southern Points.

New Orleans, La., Aug. 5.—A bulletin issued at 10:30 this morning gives an official report showing that four deaths have occurred. No new cases are reported.

Washington, Aug. 5.—President Roosevelt forwarded to Surgeon General Wyman of the public health and marine hospital service a telegram from Governor Blanchard of Louisiana, requesting that the United States government take control of the yellow fever situation in New Orleans. The president directed the surgeon general to take every step in his power to meet the situation in New Orleans and to notify him what further action is advisable and possible for the federal authorities to take.

Dr. Wyman will confer with Secretary Shaw, the surgeons in the marine hospital service and others as to the best course to pursue on Governor Blanchard's request, and on their conclusions Dr. Wyman's report to the president will be based. There are several precedents of comparatively recent date which warrant the government in taking charge of the whole yellow fever situation, notably at Brunswick, Ga., and at the epidemic at the National Soldiers' home at Hampton, Va., in both of which cases the marine hospital service practically took charge of affairs until the disease had been stamped out. The officials of the marine hospital service are anxious to co-operate in every way with the local authorities in fighting the disease, and a cordial acquiescence in the request made by Governor Blanchard and the citizens of New Orleans is anticipated. The government has at its disposal what is known as an epidemic fund, available, however, only in part for occasions like that at New Orleans, and expenditures from that fund are usually supplemented by those from local quarters.

#### TO FIGHT FEVER.

Federal Assistance Asked by New Orleans Authorities.

New Orleans, Aug. 5.—There is no intention of admitting the fever situation to be beyond control, but in the hope of reviving confidence here and elsewhere in the south official and business interests decided to send a request to President Roosevelt to have the United States government assume full charge of the struggle now in progress to wipe out yellow fever from New Orleans and Louisiana. This step was the result of a meeting at the Cotton Exchange, President A. Brittin presided. There were present Mayor Behrman, Chairman Janvier of the citizens' committee, President Souchon of the state board of health, President Kohnke of the city board of health, representatives of each of the exchanges and commercial bodies, Surgeon White of the marine hospital service, and a number of representative citizens. All present participated. All were of the opinion that if government control was resolved upon there would be an immediate restoration of confidence throughout Louisiana and the other states in the south, where there has been criticism of the local authorities for not sooner making public the existence of the fever.

New cases, 43; total cases to date, 475; deaths, 89; total deaths to date, 89; new sub. feb. 10; total sub. feb. 76.

#### Vardaman's Statement.

Jackson, Miss., Aug. 5.—Governor Vardaman made public the following statement regarding the yellow fever situation: "Everything is serene in Mississippi. Only the two sporadic cases previously reported have occurred. The quarantine regulations promulgated by the state board of health are being vigorously enforced. No embargo has been placed on merchandise from anywhere, and upon proper evidence that the holder of a health certificate has not been in an infected district for 15 days he can enter the state. The much-talked-of armed conflict between Mississippi and Louisiana might properly be described as sound and fury, and as signifying nothing. The report that I have called out the state militia is absolutely untrue. There are members of the state

militia performing the duty of guards, but are not acting in a military capacity."

#### BOATS SEIZED.

Flags Hauled Down and the Officers Placed Under Arrest.

New Orleans, Aug. 5.—Acting on their own volition or under instructions, the Mississippi patrol boats evidently thought the appearance of the Louisiana naval militia was purely for effect and not to stem their further depredations in Louisiana waters. They found out their mistake when the flagship of the patrol squadron, the Grace, and another vessel, the Tipsey, which had been stationed in Lake Borgne canal, were seized, their flags hauled down and the officers and crews placed under arrest. The crew of the Tipsey will be taken to St. Bernard parish, while the crew of the Grace will be brought to this city, both to await the action of the grand jury of the respective parishes in which their offenses were committed.

## UGLY CHARGE AGAINST HIM

### Milwaukee Millionaire Among Those Indicted by the Grand Jury.

#### GRAND LARCENY IS ALLEGED

### Said to Have Received a Large Sum of Money for the Purpose of Obtaining a Valuable City Contract and to Have Appropriated the Funds to His Own Use.

Milwaukee, Aug. 5.—Charged with stealing \$14,000 belonging to the Wisconsin Rendering company of this city, Charles F. Pfister, one of the wealthiest and most prominent citizens of Milwaukee, has been indicted by the grand jury of Milwaukee county. At the same time indictments were returned against four others, the charge of bribery being alleged in three of the indictments and one of perjury. The list of persons for whom capias were issued and the charges is as follows: Charles F. Pfister, capitalist, one indictment, larceny; John P. Dittmar, formerly supervisor, one indictment, bribery; George F. Reichert, supervisor, one indictment, embracing 14 counts, bribery; Barney A. Eaton, state senator, one indictment, bribery; Frank F. Schultz, formerly newspaper reporter, one indictment, perjury.

The indictment returned against Mr. Pfister alleges that on March 30, 1901, the accused was bailee of a large sum of money, stated to be \$14,000, said amount being placed in his hands and deposited with him for the Wisconsin Rendering company for the purpose of obtaining for the Wisconsin Rendering company a large and valuable contract for the collecting, transporting and disposing of garbage, and if not so used and expended, to be returned to the Wisconsin Rendering company, and not having been used for the purpose aforesaid, and while he was bailee of said sum, did unlawfully, feloniously and fraudulently steal, take and carry away and fraudulently convert the same to his own use.

The indictment caused a profound sensation. Mr. Pfister is engaged in many of the biggest enterprises of Milwaukee. He is a director of one of the leading banks, owns a large interest in a big tannery, is proprietor of a large hotel and owns one of the leading newspapers of the city. He has perhaps done as much or more than any other citizen of Milwaukee in building up the city. Mr. Pfister denies the charge.

Mr. Pfister, who has been in ill health for several days, sent a certificate check for \$10,000 to the clerk of the court for his appearance when needed. The indictments against Reichert and Dittmar allege bribery in connection with county "deals." Senator Eaton is charged with accepting a bribe in connection with a stationary engineer's bill in the legislature. This latest batch of indictments makes the total number so far returned by the present grand jury 133. The jury has taken a recess until Aug. 22.

## NOME RESIDENTS

### Are Up in Arms Against Government Officials in Filing Upon Valuable Mining Claims.

Seattle, Wash., Aug. 5.—Advises received in this city from Nome by the steamer Ohio state that the people of Nome are up in arms against the government officials and their alleged actions in filing upon valuable mining claims. The Nome Nugget in a long article charges the officials with using illegal methods and taking advantage of their positions to possess themselves of many valuable claims which are obtainable by relocating. Officers of the Ohio report that the people are of the Ohio report that the people are greatly excited and are talking of drastic measures if the officials at Washington do not investigate the matter.

The pay of the London police force amounts to over \$7,000,000 a year.

## U. S. SENATOR

### And a High Official Said to Be Mrs. Taggart's Friends

#### AN ARREST EXPECTED SOON

### MORE SENSATIONS DEVELOP IN THE WOOSTER DIVORCE SUIT

### Fair Defendant is Nerving Herself for Witness Stand—Mrs. Taggart is Confident That Testimony Will Vindicate Her.

Wooster, O., Aug. 5.—Mrs. Grace Taggart is nerving herself for the most severe ordeal of all the trial. This comes when she takes the stand to tell her own story of the last years of her married life, to vindicate her charge-blackened honor. She will be on the stand the greater part of three days, half the time under fire of examination. It's the strain that will make it an ordeal. Mrs. Taggart's friends say she does not dread taking the stand. It's a day that she has been waiting for since the suit was filed nearly a year ago.

"I know my friends have confidence in me in spite of all these accusations," she said today. "Sympathy and good-will expressed by Rev. Henry Stauffer and his wife, whose church I have attended here, has touched my heart." In her story on the stand Mrs. Taggart will detail her version of all the incidents in the garrison at Fort Thomas, Fort Sheridan and Fort Leavenworth, on which the charges against her are based. Then the story of her life in Cuba, San Francisco, Orville, Wooster and in the Philippines. She will tell of these incidents at Manila, and at Fort Leavenworth, on which her own charges against Captain Taggart are based. Her complete statement, typewritten and in the hands of her attorneys covers more than a hundred pages. It begins with her birth and extends almost to the day of her trial.

Judge Eason, at the opening of the trial, said he felt that all the light available should be let in, and that he would not attempt to restrict either side in their presentation of any relevant testimony. Attorneys now doubt that the case will end next week.

It will take Monday and Tuesday to hear the rest of the witnesses for Captain Taggart. Saturday noon the case was continued to Monday. On that day or on Tuesday it is announced by Attorney Wertz, Captain Taggart will take the stand against his wife. Most of the testimony by army officers for Captain Taggart is in the form of depositions. The Sixth infantry, of which Taggart was a captain, has been sent to the Philippines and the officers who knew of the trouble that led to the separation could not appear in person. One who will appear next week is a retired officer from Pittsburgh.

Lieut. Rither, who is named as a co-respondent in the case, will appear for Mrs. Taggart next week with other army officers. Lieut. Fortesque, who is described as a relative of President Roosevelt, may come, though a deposition was secured from him. Colonel Charles W. Miner is also expected. Friday night Captain Taggart had his boys out for a walk again. Mrs. Vose, a niece of Mrs. Taggart, drove them to a hotel where Captain Taggart is stopping with his Filipino valet. Expecting that the children will be awarded to him, Taggart recently secured his transfer from the transport Sherman to the Eighth infantry. He will be stationed at the Columbus garrison, and has since prepared a home for the boys there.

At the opening of court this morning Captain Taggart's attorney sprang a new witness they secured over night. He was Harry Pope, a butcher's boy, aged 18. Pope testified that two weeks ago Wednesday he was in Koch's saloon in Wooster. He was at the bar when Mrs. Taggart looked in from the back room and ordered three glasses of beer. She drank one glass and each of her two boys drank the others, Pope said. Cross-examination did not shake his testimony.

In a deposition read in court today, Mrs. Shellenberger, nurse at Christ's hospital, Cincinnati, testified that Mrs. Taggart when a patient there told her of her life in Washington.

"She said," testified Mrs. Shellenberger, "that she was in society at Washington, and when she went to parties and balls a senator and another prominent official would accompany her home. This she said, grieved her mother very much. Her mother would wait for her in the hall and would

## STRANGE ANIMAL KILLED AT LAST

EXCITEMENT IN VICINITY OF F. C.  
KING FARM HAS FINALLY  
SUBSIDED.

Henry Claggett Succeeded in Putting  
an End to Animal, Cross Between  
a Dog and a Fox.

The excitement created by the  
strange animal which has been seen on  
the F. C. King farm near this city for  
the past several months has at last  
subsided. Mr. Henry Claggett, residing  
just north of Mr. King's farm, succeed-  
ed a day or two ago in killing the ani-  
mal. As it was running wild over the  
neighboring farms the people in the  
community were afraid that their stock  
would be killed, and an effort has been  
made to capture the animal ever since  
its discovery.

The animal is the size of a large  
dog and has a body somewhat resem-  
bling a dog, although the nose is point-  
ed like that of a fox. The skin is col-  
ored a reddish brown. The people of  
this community are much relieved by  
its capture.

**PEOPLE ARE HAPPY**  
Now That Uncle Sam Has Taken  
Charge of the Yellow Fever Situa-  
tion at New Orleans.

New Orleans, Aug. 5.—The citizens  
are in a happy frame of mind today.  
The cause of the rejoicing is that the  
United States marine hospital service  
will take charge of the fever situation  
here within 48 hours. The entire city  
is receiving a thorough cleaning. It  
looks as though the tangle between  
the state of Louisiana and Mississippi  
will be straightened out. There have  
been no new cases of fever in Louisi-  
ana within the past 24 hours outside of  
New Orleans.

Washington, Aug. 5.—The United  
States government has formally as-  
sumed charge of the yellow fever situa-  
tion in the south. This decision was  
reached this morning after a confer-  
ence between Secretary Shaw and Sur-  
geon General Wyman of the Marine  
hospital service. "The Louisiana  
State authorities," said Shaw, "having  
placed the matter in our hands, will  
be subordinate in the pending cam-  
paign. The government will be in  
full charge. If we can keep the fever  
in one place I don't think the situa-  
tion will be a graver one than has al-  
ready developed."

Mrs. Milton Smith and Miss Nellie  
Thomas who have been traveling  
abroad for the past six months, ar-  
rived in New York yesterday, and af-  
ter a short visit there will return home.

**More Revolt Against Coxism.**

The bolt of the Republicans against Governor Herrick and the bossing of their party by George B. Cox continues, and it is remarkable that the bolt is to be found in counties strongly Republican. Reference has been made to the bolt of the editor of the Tri-County News published at Newton Falls, a Republican stronghold like Trumbull county, the editor of the paper being a life-long Republican and his paper Republican. The Milford Center Ohioan, published at Milford Center in Union county where last fall the Republicans cast two votes to the Democrats' one, is edited by R. N. Nash, a life-long Republican who sizes up the situation in this state and speaks out against the rule of his party by the Cincinnati boss. Editor Nash states in his paper that he has always been a Republican and is yet, but in his opinion the party needs fumigating and it is belittling itself not only in the eyes of other parties but in those of the better class of its own voters because it permits George B. Cox to control its organization and direct the affairs of the state. The concluding paragraph of Editor Nash's arraignment of his own party as now controlled is as follows: "The time is ripe to air the rottenness that is being practiced in our own ranks, and no better opportunity presents itself to purify the poisoned political atmosphere which is surcharged with 'Coxism' than to assist the Democrats to land their standard for a two years' sojourn in our capital city."

**Liver and Kidneys**

It is highly important that these organs should properly perform their functions. When they don't, what lameness of the side and back, what yellowness of the skin, what constipation, bad taste in the mouth, sick headache, pimples and blotches, and loss of courage, tell the story.

Gives these organs vigor and tone for the proper performance of their functions, and cures all their ordinary ailments. Take it.

**COX MANAGERS**

**ONLY HOPE TO SAVE HERRICK BY DEMOCRATIC VOTES.**

But Republicans Revolt Against Coxism as Growing in Numbers and Earnestness Every Day.

Columbus, Aug. 5.—"When ignorance is bliss, 'tis folly to be wise." This ancient proverb at present describes the mental attitude of those eminent statesmen and experienced political managers, Senator Charles F. Dick, John R. Malloy, and William F. Burdell, chairman, secretary and treasurer, respectively, of the Cox state executive committee. It is a fact which may give courage to Democratic prospects that these functionaries for once do not appreciate the political situation in Ohio, although most everybody else does. Their political environment is such that the truth does not come to them. Some of their advices are purposely misleading and others based on ignorance and prejudice. They are optimistic; they don't see the handwriting on the wall; they are not in touch with the people this year—not even with the voters of their own party.

All the Cox managers' hopes of electing Herrick are based solely on the hypothesis that some Democrats of Ohio will betray the head of their ticket this year. Dick and his associates have conjured up a Democratic bolt from Pattison. They faintly realize that the disaffection among Republicans is tremendous, but habitually offset this in their calculations with an imaginary Democratic rush to Herrick.

The governor himself is a victim of the same delusion. He expects to be elected by Democratic votes. Meanwhile nobody else can see any Democratic disaffection worthy of the name. It exists only in the imagination of the Republican managers. Pattison and the whole ticket have grown stronger every day since the state convention and the Republican cause has grown correspondingly weaker. The campaign is in good hands and the people are steadily coming over to the Democratic cause for the simple reason that it represents anti-graft, anti-bossism and home rule. It looks now like a "Rise-up-William-Allen" campaign, and only the Cox managers are blind to the fact.

But prominent Republicans throughout the state are not deceived and they wonder at the cynicism of Dick and his associates. Some of these are former Republicans and some are not, but all are a unit in the opinion that the situation from a Republican standpoint at present is desperate.

It is the almost universal conviction among intelligent Republicans in all the important counties that if the election were held within the next week or two Herrick would be defeated to a certainty.

"Now is the time for a Republican housecleaning," thousands of Republicans declare; "we must get rid of the bosses, so let the tail go with the hide. And it is going that way fast."

One of the striking features of the campaign will be the number and high party standing of Republicans in various counties who will come out openly for Pattison in authorized interviews. In this regard the knife will be thrust into the Cox machine with a vengeance. The prominent Republicans who will thus declare themselves will not consist of clergymen alone. They will include lawyers, merchants, bankers, manufacturers, physicians—men of all professions and occupations. It is whispered that some of this material is already being prepared and that it will stun the Cox managers as it is delivered in body blows from week to week as the campaign progresses. Some of the names to be used will startle the voters of both parties, but the subsequent election will be altogether with the Democrats.

It is noticeable that at Republican headquarters callers are scarcer than at any corresponding time in the past. Chairman Dick and Secretary Malloy are sitting around in gloomy state. When the barrel is tapped the stragglers will begin to come in, but the proposition will be a cold one and there will be no enthusiasm this year.

**The Same Old Tune.**

Delaware, O., Aug. 5.—Governor Robert La Follette, of Wisconsin, spoke for nearly four hours yesterday afternoon at the Delaware Chautauqua's Republican day. He declared that the people are not getting "government of, by and for the people," but a government in the hands of bosses for the corporations. Of J. D. Rockefeller he said: "There is but one place where he can pay penalty and that place is eternity, and you can guess about the place."

**A Name That Jars.**

Zanesville, O., Aug. 5.—Frank Stacer and Charles Coylever, the latter a saloonist, were arrested charged with robbing a Greek of \$150. The alleged victim's name is Stamatis Semetocvolos. He was found in an upstairs room in the saloon unconscious, and a physician says that he was poisoned, probably with knockout drops.

**Wild Beast at Zanesville.**

Zanesville, O., Aug. 5.—A full grown South American puma, running loose on the street, caused a panic among pedestrians on Market street and in the vicinity of the B. & O. depot yesterday. It was the property of the advance man for a circus, Sherman Danby, and had escaped from its cage at the depot platform. The animal is a pet, but this was not known to pedestrians who ran in all directions and remained in hiding until Danby caught it.

**Claims Bills Are Exorbitant.**

Cleveland, O., Aug. 5.—Referee in Bankruptcy Remington took up the fee claims of Nathan Loesser for services as receiver for Mrs. Chadwick and also the bills for compensation rendered by Messrs. Lawley, Kerush and Thompson, the attorneys who defended her. Loesser's claim amounted to \$2,500. Referee Remington declared the amount exorbitant, and several times larger than law allowed. Mr. Loesser's claim was temporarily laid aside, as was also the bills rendered by Grossman & Smith and Counsel Frier pending the presentation of the itemized accounts. Mrs. Chadwick's lawyers rendered a joint bill for \$2,013, giving in detail the assistance said to have been rendered to the court and the receiver by them. "I find very few items in this list about which there is even a question," said the referee. "Most of them are wholly unallowable."

**Kids Stone a Ball Club.**

Toledo, O., Aug. 5.—Children's day at the Toledo ball park had an unpleasant sequel for the St. Paul club. As the bus containing the latter players was leaving the ball grounds some youngsters threw stones at them. Pat Carney was struck in the chest and John Flournoy's lip was cut open. Charles Ferguson jumped from bus and went after a boy who had thrown a stone. A man interfered and Ferguson knocked him down. Other men pounced upon Ferguson and Jack Sullivan went to his assistance. Then police officers appeared on the scene and stopped the fight. Ferguson was allowed to get back into the bus, but Sullivan was taken to the police station on a charge of disturbance, and was later released on his own recognizance. The instigators of the trouble were not molested.

**B TROOPERS LIKE A CAMP LIFE**

**COLUMBUS BOYS LOTH TO LEAVE BUCKEYE LAKE PARK SUNDAY MORNING.**

No Sickness, No Accidents, No Arrests all Week—B Troopers Serve State Just for Glory.

Buckeye Lake Park, Aug. 5.—This is the last day of the troopers' camp. Captain Kinross today gave an order to have first call sounded at 3 a. m. Sunday and he hopes to have the men on their way to Columbus by 5:30 o'clock. A stop will be made near Et-na for lunch and the men will then push on to Columbus, arriving at home about 2:30 o'clock. The hoped for rain hasn't come so Columbus friends may expect to find the boys well covered with dust upon their arrival.

It has been a remarkable camp in many ways. Every man has enjoyed it and few want to leave. There has been absolutely no sickness, no accidents and not an arrest.

For a day or two the troopers had trouble managing the "green" horses, but since Wednesday the drills have been performed with military precision and improvement has been noted each day.

Many do not know that the Troop B boys serve the state just for the glory and fun there is in it. But such is the case. Every cent of their camp pay goes into the troop's treasury, for it costs a lot more to conduct the management than the state allows. An officer speaking of the matter, says he state pays \$800 and a small sum is raised by private subscription and the balance is made up by the boys themselves, the total amount needed each year being over \$1800.

A dancing club came up from Newark last night and a number of the troopers enjoyed dancing in the Park pavilion.

Rumor in Circulation That a Half Dozen Were Injured in Woodside Trench Friday.

The condition of Mr. John Trace, who was injured Friday by the caving of a side of a trench in which he was working, is very good and he is resting comfortably.

A rumor was in circulation Friday and Saturday to the effect that five or six men were injured in the accident. Only one man was caught in the trench and he was Mr. Trace. The trench is not so deep nor in such a position as to weaken the walls.

**Female Weakness Is Usually Pelvic Catarrh. Pe-ru-na Cures Catarrh Wherever Located.**

Mrs. MABLE BRADFORD

"Peruna is certainly a wonderful medicine for the ills of women. I have heard it spoken of in the highest praise by many, and certainly my experience is well worthy of a good word."

"I began to have severe pains across my back about a year ago, brought on by a cold, and each subsequent month brought me pain and distress."

"Your remedy was prescribed, and the way it acted upon my system was almost too good to be true. I certainly have regained my health and strength, and I no longer suffer periodical pains and extreme lassitude."—Mable Bradford.

Mrs. LIZZIE REDDING

"I found after trying many different medicines to restore me to health, that Peruna was the only thing which could be depended upon. I began taking it when I was in a decline, induced by female weakness and overwrought nerves."

"I began to feel stronger during the first week I took Peruna and my health improved daily until now I am in perfect health and enjoy life as I never did before."—Lizzie Redding.

Thousands of Women Cured Every Year by Correspondence—This Is What Dr. Hartman Proposes to Do For You Without Charge.

Women who suffer should read the evidences presented here. We have thousands of letters from grateful friends who tell the same story.

Half the ills that are peculiarly woman's own are of a catarrhal character. Female weakness was not understood for many years.

Dr. Hartman deserves the credit of having determined its real character. He has made catarrh and catarrhal

diseases, including pelvic catarrh a life long study. Peruna cures catarrh, whether of the pelvic organs or any other organ of the human body.

Pe-ru-na, a Natural Beautifier. Peruna produces clean, mucous membranes, the basis of facial symmetry and a perfect complexion.

The women have not been slow to discover that a course of Peruna will do more toward restoring youthful beauty than all the devices known to science.

Many a girl has regained her faded beauty, many a matron has lengthened the days of her comely appearance by using Peruna!

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly circling their treatment, preyed upon the pockets of the victims. Science has proven Catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only catarrhal cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer One Hundred Dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

**Painless, Natural Childbirth.**

Baby's coming into the world should be preceded by a certain preparation on the part of every woman who expects to become a mother. She owes it as a duty to her unborn babe, and to herself; her duty to her unborn babe is to use every means within her power to aid his entrance into the world. Baby cannot help himself in this ordeal, therefore mother must. He has a hard enough time after his arrival, so let us make his coming easy. His health in after life depends greatly upon the manner of his coming; would you have your child a cripple, or would you have him a tower of strength? Strong men are but grown-up children; a famous surgeon in Vienna is devoting his life-work to the cure of little helpless cripples, deformed by birth; do not allow your child to become a cripple.

**Mother's Friend**

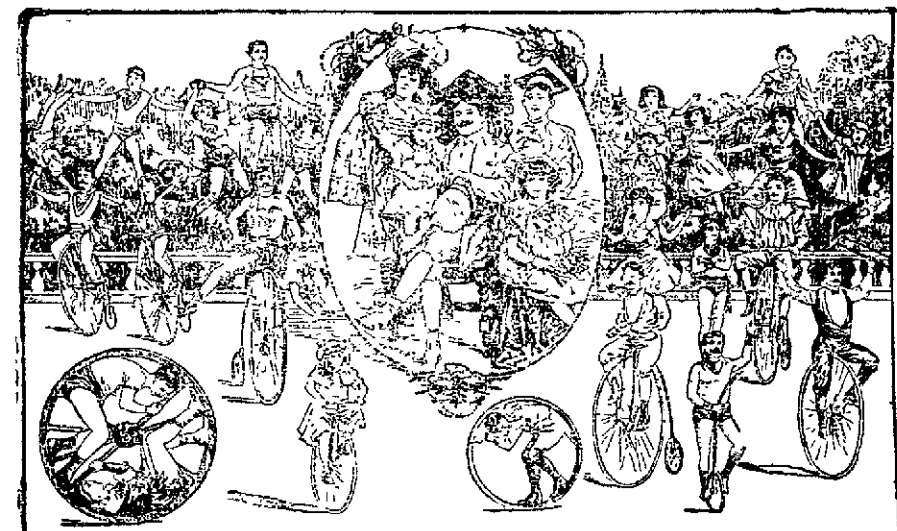

Is a liniment which will forestall any possibility of accident at birth; that is, it relieves all the abdominal muscles and tissues, and permits of an easy access to the child. It eases the mother's pain, and so relieves nature that when baby comes he starts out in life with a constitution well able to fight life's battles, and to bloom into strong pure manhood that life's comfort and joy will be his every true mother's heart.

HAVE BEEN SECURED TO GIVE PROGRAM OF GRANVILLE CENTENNIAL.

Music of Homecoming Week Will be Feature of the Celebration.  
Old Folks Will Sing.

Granville, O., Aug. 5.—The committee in charge of the centennial celebration here next month has completed the program for Wednesday, September 6. It is as follows:

Morning Session from 9 to 11:30.  
Presiding officer, Dr. D. B. Barston, University of West Virginia.

Addresses by—Dr. William Oxley Thompson, president of Ohio State University. Dr. William Ashmore, Granville college, 1844. Charles Telford Thompson, Esq.

**Afternoon Session.**

Presiding officer, G. M. Peters.  
Addresses by Rev. William F. Pierce, D. D., president of Kenyon College, representing the Granville Episcopal Female Seminary. Addresses by representatives of the Old Granville Female College. Prof. William Arnold Stevens D. D., E. Benjamin Andrews, Dr. William R. Harper, D. D., LL. D., president of the University of Chicago, W. C. P. Rhodes D. D., pastor of the Mercy avenue church, Brooklyn.

These exercises will be interspersed with excellent music by a large chorus. The work of Mrs. C. B. White this summer in behalf of the centennial music is deserving of high praise and wide recognition.

It is no easy task to carry on the work of another especially in music, and yet it is realized that Mr. Judson's enforced absence until September 1 would leave the centennial chorus scattered and the work would at last be unsatisfactory.

Mrs. White has conscientiously striven to keep the organization together and to hold weekly rehearsals. All the members of the chorus who have any regard for the success of the music have met regularly and will continue to meet every Tuesday evening at 7:30 o'clock.

Rehearsals have already begun for the Old Folks' Concert under the direction of Mrs. E. S. Shepherd. This entertainment will be given on the evening of Thursday, September 7, of Homecoming week and promises to be a most delightful evening of music. Singers both old and young will appear in costume of "Ye Olden Time," and taking their key from the old tuning fork, will sing melodies of olden days. Charming solos will be rendered by Granville's most successful singers and handsome programs will be struck as souvenirs of the occasion.

**CEDAR POINT EXCURSION.**

**PAT POPPED QUICK BUT NOBLE QUICKER**

One Asked Widow Question After the Funeral, But t'Other Had Done So at the Grave.

Chicago, Aug. 5.—Poor "Pat" McCarthy is a disappointed, sad and sullen man. Mary O'Doodigan, a young and comely widow of two months blushed violently when Pat told his troubles in court. These began when O'Doodigan died. At the wake he beat all the other widowers and bachelors by getting the seat nearest to the weeping widow. "I know it's hard to bear," he consoled. "I had it myself once. But I got over it at last and now, sure, I'm as gay as the next one."

"I hear he left some insurance. Now that will help to ease your mind. You can forget lots of things when you have money."

"Yes," said the widow. "There was \$2,000 in the Royal League, \$2,000 in the Royal Arcanum and a few thousand here and there in other places."

"Well, I was just thinking," said Mr. McCarthy, "you're all alone and might as well ride to the cemetery with me in the morning. I have a whole carriage going to waste."

And so it was settled. Coming back from the cemetery he was more buoyant than ever. He asked Mrs. O'Doodigan if she would be his wife.

"You're too late Pat," she said. "No noble Alexander Maginnis asked me to the grave and feeling that I needed some one to protect me, I accepted him."

McCarthy was dumfounded.

"What's Maginnis to you?" he expostulated. "I didn't see him there. He didn't even have a carriage."

"I know," said the widow; "he went

out on the street cars. Why didn't you ask me then? It's too late now."

"Well, then," cried McCarthy. "I want no riding with another man's bride. I'll send you a bill for \$4, half of the hire of the carriage. I'll go to law, I will, if you don't pay me the money."

The widow didn't pay and to law McCarthy went. The case was heard before Justice Martin. Attorney Coghlan pictured the pathetic story of McCarthy's unsuccessful suit to the jurors. The jury disagreed.

**PROF. YEARDLEY TO LEAVE CITY**

HE HAS DECIDED TO ACCEPT AN OFFER FROM NEW ALBANY, IND., PUBLIC SCHOOLS.

Newark School Board Takes Action on Resignation at Meeting Held on Monday Night Aug. 7.

Professor N. B. Yearley of this city, who recently received an offer from the schools of New Albany, Ind., has decided to accept the position as supervisor of music.

Professor Yearley goes to New Albany at a much higher salary than he is receiving here, and also with a very bright outlook in several other lines. Professor Yearley will possibly leave about the middle of this month, with his family, for the new location. At the next meeting of the board of education will probably be taken. While the many friends of Prof. Yearley appreciate his value and ability in a musical way, it is believed that the board of education will be able to secure a very capable person, to occupy the position in our schools during the coming year.

## STRIKE'S EFFECT IS PLAINLY FELT

RAILWAYS SAY THEY ARE TAKING CARE OF BUSINESS THAT IS OFFERED.

Guyandotte Valley Has an Unlucky Run—Proceedings to Have Grain Rates Reduced in West.

St. Paul, Minn., Aug. 5.—Although conditions approaching a tie-up have not yet developed as a result of the strike of the telegraphers on the Great Northern and Northern Pacific railroads, increasingly serious delays are being caused in the moving of traffic. The effect of the strike is becoming manifest in the movement of passenger trains, which the officials by strenuous efforts have been able so far to keep practically on schedules. The railway officials say that they are taking all the business offered, and will be able to take care of it. The operators, however, are aware of the difficulty with which freight is being moved, and predict that when the heavy movement of crops begins the tie-up will be realized. Perishable freight was received in many cases without prepayment and refrigerator cars started in an attempt to make local deliveries where possible. No guarantees are being made to deliver at points where stations have been closed.

Unlucky Run.

Huntington, W. Va., Aug. 5.—The Guyandotte Valley passenger train from Logan to this city had an unlucky run, killing three men and injuring another. Frank Adkins was struck by the train shortly after leaving Logan, while crossing the track, and instantly killed. A companion was seriously injured. John Ashen, an aged farmer of Barboursville, was killed as the train reached that point. He stood on the track directly in front of the train, thinking that it ran upon another track. While the engine was returning to the roundhouse, after arriving in this city, George Zircle, who was walking on the track, was struck and instantly killed.

### PROCEEDINGS

Against Railways to Compel Them to Reduce Grain Rates.

Topeka, Kan., Aug. 5.—Carr W. Taylor, attorney for the state board of railroad commissioners, is preparing to begin proceedings against all of the railroads of Kansas to compel them to reduce grain freight rates. The case will be begun before the board of railroad commissioners as soon as the coal rate case now pending is out of the way. The petition will say that the rate a ton a mile from interior points in Kansas to Kansas City is twice that of the rate a ton a mile east of the Missouri river. The case will be instituted in time to be of benefit to the farmers on the shipment of wheat this fall.

### TESTING STEEL TIES

Another New Type, Shaped Like a Trough, is Placed in Fort Wayne Tracks.

A quantity of steel cross ties of a new type have just been laid on the Eastern division of the Ft. Wayne near Emsworth, at which place tests of various styles of metal and concrete ties have been tested in the past two years. The Eastern division is one of the finest pieces of track in the country, a fact that is admitted by Pennsylvania, Lake Shore and other railroad officials, and with the numerous high speed trains that pass over it, this is an ideal division for experiments with new types of ties or other maintenance material.

The new tie is shaped like a trough and consists of a single piece of pressed steel. Trough shaped metal ties have been tried before, but this one is a departure in that the trough is laid with the concave side up, whereas other ties of this form have had the trough inverted. The ends of the ties are bent up. The tie is laid in the ballast as a wood tie, and one hollow trough is placed over it. This gives it solidity. The troughs are flanged, providing a resting place for the rails. The latter are fastened to the flanges by a simple bolt device. These ties were put in only a few days ago and will be watched with interest.

The Eastern division, Superintendent Whiter's, has been the scene of several tests of steel ties, all of which have been made near Emsworth station, seven miles out of the city, to have the experiments confined to one locality. Two kinds of steel and concrete ties have been tried there and two of steel ties. One of the concrete ties was the Buhner tie, and the Pennsylvania lines officials, like those of the Lake Shore, have come to the conclusion that the concrete tie is not a success. Those which were laid for testing have been removed. A simple steel tie, shaped somewhat like a T-rail, has also been tested at Emsworth. The other steel tie is known as the Affleck tie. Three of the different kinds are still in the track and the maintenance officials are giving them close attention. The verdict of unsatisfactory has been set against the concrete tie, it is probable that further tests will be of ties made of steel only.

### SPECIAL CARS

Will Carry Zanesville People to Republican Senatorial Convention at Columbus Tuesday.

Zanesville, Aug. 5.—Present indications are that a large crowd will take advantage of the \$1 round trip rate to Columbus over the C. The interurban cars will leave Zanesville at 8 a. m. and return, leaving Columbus at 7 p. m. The cheap rate is proving a loadstone to the Muskingum county delegation and the friends of F. M. Ransbottom, Muskingum county's choice for senator.

The vaudeville bill opening tomorrow will embrace the following well known artists: Sutton and Sutton, comedy acrobats, Mr. and Mrs. Cal Stewart in "Uncle Josh on the Bowery"; Haight and Dean, in a funny farcical sketch; John Geiger, with his talking violin; and Grace Jones, the prima donna soprano. ## THIEF GOT \$90 AND CERTIFICATES

HENRY CROOK'S RESIDENCE AT GRANVILLE BROKEN INTO FRIDAY NIGHT.

Stranger Who Called There For Supper May Know Something About the Robbery.

Some time during Friday night, the far residence of Mr. Henry Crooks, residing two miles east of Granville, on the Newark and Granville road, was entered by burglars. The thieves secured \$90 and certificates of deposit for \$314 on the Franklin National bank of Newark and the Farmers bank of Granville. The money was in a pocketbook, in Mr. Crooks' trousers, which hung from his bed post. Saturday morning he found the trousers some distance away from the bed with the pockets rifled of their contents. The police were notified, but as yet no clue to the identity of the robber has been obtained.

Mr. Crooks says that a stranger called at his home early on Friday evening and made application for work and also wanted something to eat. He is described as a foreigner, about 35 years of age, and Mr. Crooks is of the opinion that the burglary was the work of this man. He thinks that while the family was at supper the man entered the front door and secreted himself in the house. Mrs. Crooks heard some one moving about the house about midnight, but thought it was her son, Mr. Quincy Williamson, who is learning the jewelry trade at H. C. Bostwick's jewelry store, this city. Mr. Crooks says he will be very thankful if the robber will return the certificates of deposit.
